

The King of the Mountain

A New Level of Luxury

The stunning BIGHORN by Heartland Recreational Vehicles is nothing short of spectacular - in both it's luxurious interior appointments and outstanding design concepts. Featuring real hardwood cabinets, including stiles, oil-rubbed bronze hardware and lighting, magnificent furnishings, flush-floor slide-outs and an abundance of interior and exterior storage space, the BIGHORN is truly a fifth wheel that is taking affordable luxury to the next level.

The King of the Mountain

You'll appreciate the hand-crafted touch found in each BIGHORN, like the stately slide-out fascia moldings that surround every slide room.

BIGHORN

Shown in Optional Cherry Wood

Entertainment

A 40" LCD High Definition flat screen TV with home theatre system provides high quality entertainment, while comfortable recliners separated by a hardwood coffee table highlight this 3410RE rear entertainment living room. Decorative glass inserts add a residential touch to the room, while hard-sided window valances frame the oversize windows which provide an excellent view of your surroundings.

The LCD TV swivels out from the cabinet for increased viewing angles.

Shown in Optional Cherry Wood

The hardwood dinette table features a pull-out extension and features storage inside, as well as the dinette chairs, providing a great place to store games or valuables.

BIGHORN's residential designs show well in the this 3670RL entertainment area where you'll find a large work desk with built-in grommet and plenty of leg room; a fireplace with custom hardwood mantle; a nice sized window; roomy overhead and large 32" LCD flat screen TV that can swivel out for improved viewing angles and elegant slide room fascia.

Designer Kitchens

The stunning island kitchen in the BIGHORN model 3670 offers a tremendous amount of great overhead and base cabinet storage! All stained hardwood cabinetry throughout really sets this kitchen apart from other "pretenders", while an abundance of upgraded, solid-surface countertops with waterfall edge means you will never lack for meal preparation space again.

Shown in Optional Cherry Wood

BIGHORN

The kitchen in the 3055 is highlighted by name brand appliances, solid-surface countertops that feature a 10-year warranty, elegant crown molding, and an abundance of base cabinet and overhead storage areas. The waterfall edge on the true solid surface countertop is a high-end feature normally reserved for motorhomes.

Storage Galore!

You'll never lack for storage space in a BIGHORN fifth wheel! That's because we listen to our customers and maximize every possible square inch of interior space. With all of this storage space, food preparation is a breeze and you will never have to compromise on what you choose to serve to your family or guests. That's what true, extended stay camping is all about - enjoying the luxuries of home - without compromise.

The deep, stainless-steel kitchen sink features built-in sink covers and a flexible sprayer faucet.

TRUE SOLID-SURFACE.

BIGHORN's HANEX™ TRUE RESIDENTIAL SOLID SURFACE Counter Tops increase the usability, beauty and value of our coaches. The advanced blend of natural materials and pure, acrylic polymer is formed over a strong plywood base, providing design versatility and long-term performance to our customers. Hanex™ is one of the toughest counter tops in the world that is both durable and RENEWABLE.

RENEWABLE means it is the same consistency through and through and if scratched or chipped, can be easily repaired so that it looks like new!

The competition on the other hand... offers only a thin layer of FIBERglass, adhered to lesser quality particle board material that disintegrates when it gets wet. The FIBERS of these counter tops tend to stick out of the bottom edges and are painful to the touch.

vs. THIN FIBERGLASS.

Full Extension!

BIGHORN's steel ball-bearing drawer guides not only provide the smoothest possible operation, but are able to hold more than 30 lbs. as witnessed by this cinder block! You will not find any of the cheap, import drawer guides like the competition offers in our coaches! These deeper drawers are designed to fully extend past the cabinet faces, so you will not have to scrape your knuckles trying to get to the back of them. It's simply the best drawer system in the industry!

The half-time convection microwave oven provides you with the ability to crisp baked goods, including making pies and cakes.

BIGHORN

Fit For A King!

Whether it's retreating from a long day or just lounging around, the BIGHORN king bed offers incredible comfort in a very elegant setting. Framed by stunning fascia and matching headboard, the bed slide offers dual nightstands and reading lights, as well as two windows for improved cross ventilation. This luxurious bedroom offers an abundance of wardrobe and drawer space, complemented by deep shelves .

Shown with Optional Queen Bed and Night Stands

BIGHORN features five elegant interior decors.

Livability

TV Optional

Some BIGHORN models offer a "side aisle" layout, which offers one of the largest private bath designs in the industry. Accessible from the hall or the bedroom, this private bath is larger than most residential bathrooms.

On select BIGHORN models, you'll find a large linen closet, designed to house a stackable washer/dryer.

The residential feel of the BIGHORN bedroom suite is accomplished by features such as our custom-built hardwood dresser with six oversized drawers and shelf storage. In addition, there is a large overhead cabinet with decorative glass inserts and a built-in TV cabinet.

The large lav base and mirrored medicine cabinet provide great storage, while the separate commode room features both heat and A/C vents, as well as a porcelain commode and built-in overhead storage.

The large one piece, neo-angle shower features a glass door, a hand-wand spray head, and overhead skylight.

YOUR LAMINATED WORLD...

Strength, Durability & Comfort BEYOND

The combination of these three systems bring you the Strongest and Lightest construction available while also providing unparalleled noise reduction, thermal insulation and durability. Protecting your investment is important to HEARTLAND. Laminated construction provides that protection in addition to offering peace of mind that you will be spending more time enjoying your family and travels than worrying about repairing your RV.

LAMINATED WALL SYSTEM

LAMINATED FLOOR SYSTEM

BIGHORN's LAMINATED Floor System is one of the **STRONGEST FLOORS** in the industry! Featuring sturdy 2.5" Aluminum Framing; thick Block Foam Insulation; One-Piece Seamless Decking and a Thermo-Board Luan on the bottom. All of this is Laminated together for Maximum Strength and Insulation R Value - virtually eliminating flex in the floor!

Traditional RV Floor Construction often flexes in the middle of the coach - because that's where the holding tanks are located and there is no steel frame support under the lumber.

LAMINATED ROOF SYSTEM

COMPARE!

HEARTLAND's LAMINATED Floor Construction easily supported over 1,800 lbs. of Water Jugs in one spot - resulting in less than 1/4" of flex!!

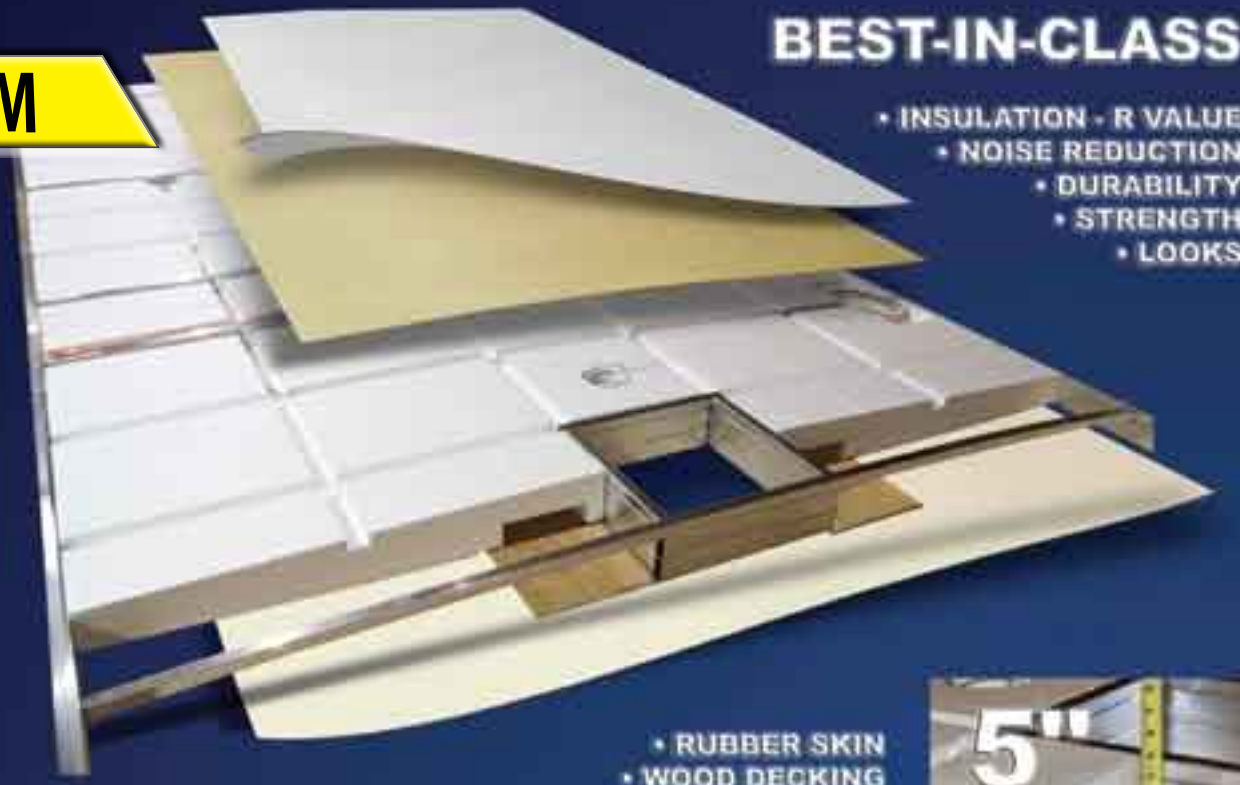

HEARTLAND's 3" LAMINATED FLOOR

Heartland builds recreational vehicles with as many residential features and construction methods as possible and we are excited to introduce this 3" Laminated Floor System in our BIGHORN fifth wheels. Choose Heartland for Maximum Strength; Maximum Insulation Value; and Minimal Flex!!

BEST-IN-CLASS

- INSULATION - R VALUE

THERMAL EFFICIENT

SUPER STRENGTH

HEARTLAND'S SUPERIOR CONSTRUCTION AND DESIGN TRANSLATE INTO A SUPERIOR VALUE!

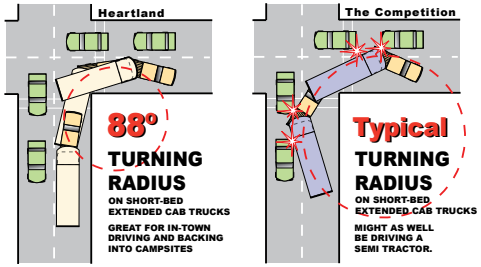

Perfect for Short-Bed, Extended-Cab Trucks No Slider Hitch Necessary

ACHIEVE AN 88° TURN!

IN A SHORT-BED, EXTENDED CAB TRUCK

ONLY IN A HEARTLAND!

PATENT PENDING!

DON'T ACCEPT ANY IMITATIONS - IF YOU CAN'T TURN 88° IT'S NOT A HEARTLAND!

STUNNING FRONT CAP DESIGN

The fiberglass front cap for the BIGHORN is all new with sleek radiuses and design lines flowing through it. The Patented turning radius design is perfect for short-bed, extended-cab trucks!

ZERO° TESTED!

Heartland 5th wheel Construction has been subjected to rigid testing in the famous DOMETIC™ extreme temperature testing chamber where it passed with flying colors! The chamber is set to 0° to test the unit's heating efficiency, followed by being set at 100° to test it's cooling efficiency. With our thick 2" laminated walls; enclosed and heated underbelly; and insulated floor - the interior of the Heartland coach remained warm and comfy during the sub-freezing test and nice and cool during the heat test!

WEATHER GUARD
OPTIMAL THERMAL PROTECTION

The optional HITCH COVER provides not only a great look - but improved aerodynamics and fuel economy.

HEATED AND ENCLOSED UNDERBELLY

This one-piece corrugated plastic underbelly is fitted and attached to the entire length of the fifth wheel, providing a thermal barrier that is easily removed for access to the underbelly. The underbelly area is insulated and heated from the furnace to help protect against the elements.

The Largest Storage in It's Class!

BIGHORN's new drop-frame design provides for over 140 cubic feet of the cleanest pass-through storage ever accomplished in a fifth wheel. Featuring Heartland's durable vinyl diamond-plate finish that keeps your valuables in place during transit, this extra-large compartment can house all of these storage bins and more!!

Every BIGHORN now comes standard with these sturdy steel tie-downs in the exterior storage compartment – excellent for securing your gear during travel.

With electrical outlets and video hook-ups, there's room in here for a mini-fridge, a TV and other electronics for access under your awning at a tail gate or when just sitting around the campsite.

Enjoy the sleek, modern looks and functionality of BIGHORN's new optional bus style slam doors equipped with heavy duty struts for easy operation and they prevent unexpected closings due to wind. Oversized pull latches open easily. The tight automotive rubber seal protects your belongings from moisture and BIGHORN's compartments are keyed for security using keys and locks unique to BIGHORN.

Trail-Air's EQUA-FLEX rubber-cushioned equalizer suspension system with shocks is standard on every BIGHORN and provides an incredibly smooth ride.

Universal Docking Center

One of Heartland's most famous innovations, this docking center holds all of the coach's system hook-ups including the satellite; phone; cable; city water fill; black tank flush; exterior hot and cold shower; winterization valves, and all-tanks pull handles (no more crawling under slide-outs to reach the handles!).

A) Upgraded Antenna for Better Reception.
B) Strong 12" I-Beam Frames on all Quad Slides and 3580RL
C) Electric Outlet at the Awning for Light Strings - Also, Optional Electric Awning Available.
D) One-piece fiberglass shower with seat and flex sprayer - extra support built into the floor.
E) A real residential porcelain sink - not cheap plastic like the others
F) Brand Name SAMSUNG™ Home Theatre/Stereo System. Additional speakers allow you to listen to audio in the bedroom.
G) Optional Electric Power Cord Reel - Never wind up that heavy 50-aml cord again!

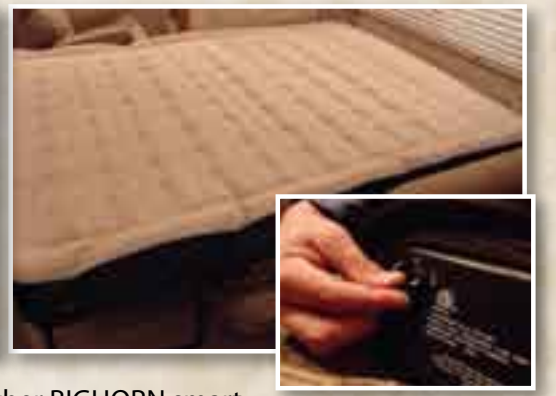

Heartland's optional ToyLok is perfect for quickly and easily securing bikes, grills, furniture and anything else that needs to be secured when you leave your site unattended.

HIDE-A-BED AIR-MATTRESS

Yet another BIGHORN smart design - the air-mattress hide-a-bed sofa offers the ultimate in comfort, as well as a deep drawer that is perfect for storing throw blankets and other items.

Heartland Recreational Vehicles
1001 All-Pro Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

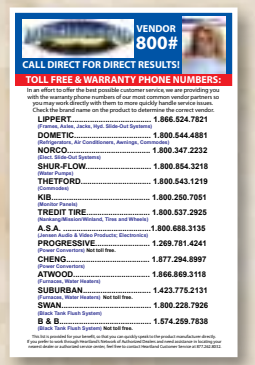

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service – in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.

Your Authorized Heartland Dealer:

Call Direct, Fast Results!

800# LABEL IN EVERY HEARTLAND

We provide a convenient sticker in each coach listing the warranty phone numbers of our most common vendor partners so that if you choose to, you may work directly with them to more quickly resolve issues or obtain replacement items.

HEARTLAND CUSTOMER SERVICE WE'VE GOT YOUR BACK!

Over 40 men and women located in a dedicated facility servicing our customers every day. With a dealer network of over 400 locations across the U.S. and Canada, you're never far from an authorized Heartland dealer.

Product information is as accurate as possible as of the date of publication of this brochure. Due to Heartlands commitment to continuous product improvement - floorplans, materials, components, features, specifications, options, etc. are subject to change without notice or obligation to Heartland Recreational Vehicles.
2010 model year BIGHORN specifications apply to coaches with Vin numbers ending with 204079 and higher.
Tow Vehicle Caution: Owners of Heartland recreational vehicles are solely responsible for the selection and proper use of tow vehicles. All customers should consult with a motor vehicle manufacturer or their dealer concerning the purchase and use of suitable tow vehicles for Heartland products. Heartland disclaims any liability or damages suffered as a result of the selection, operation, use or misuse of a tow vehicle. Heartland's limited warranty does not cover damage to the recreational vehicle or the tow vehicle as a result of the selection of the tow vehicle.
