CYCLONE BY HEARTLAND

SPACIOUS, LUXURIOUS INTERIORS

CYCLONE toy haulers by Heartland Recreational Vehicles offer three triple slide-out floorplans, each providing the ultimate in interior spaciousness. Choose the optional Amish-crafted all-hardwood cherry cabinetry with rich, solid-surface counter tops for a truly luxurious look and feel. The stunning molded slide fascias combine with elegant furnishings including hard sided window valances, day/night shades and smoked glass inserts in the entertainment center to provide a residential touch rarely found in the toy hauler market.

SAND DUNE

DESERT FURY

AUBURN HILL

LUXURIOUS DECORS

Choose from three elegant decors featuring durable fabrics on the furnishings and window coverings.

RESIDENTIAL AMENITIES

Choose CYCLONE for true residential features such as these solid-surface countertops with sink covers and pull-out sprayer faucet in the kitchen.

HIGH-END FIFTH WHEEL LUXURY

While other toy hauler manufacturers have limited many of their interior designs to reflect a purely "racing" lifestyle - CYCLONE has listened to what customers are looking for and are excited to offer the best of both worlds - a coach that may say "Racer" on the outside, but features truly elegant residential form and function on the inside!

Extra storage is provided by built-in storage drawers in the dinette base.

REMOVABLE DINETTE TABLE

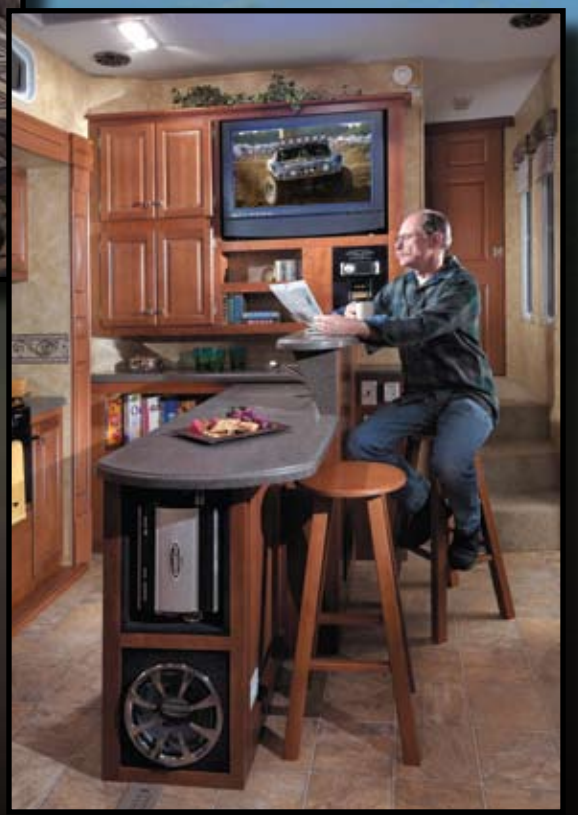

CYCLONE's flexible U-shaped dinette provides a great place to lounge and watch television, or entertain guests with the nice-sized removable table.

The **HITCH COVER** provides not only a great look - but improved aerodynamics.

TRULY CREATIVE FLOORPLANS

The all-new CYCLONE 3950 features an exciting new interior concept, as well as an exciting bath and a half design with a bathroom located in the garage area! The kitchen slide-out with island bar provides loads of cabinet and counter top storage space, a large skylight overhead, a conveniently located entertainment center featuring a 32" flat screen TV with easy viewing angles from throughout the coach, and a side-aisle bath design for improved privacy in the bedroom area. Notice the extra windows above the slides which allow natural light to flood this coach, increasing it's already spacious feel.

MULTI-LEVEL BAR WITH STOOLS

The stunning two level bar area in the CYCLONE 3950 offers an excellent place to serve guests or relax with your morning coffee.

TRUE TOY HAULER SPEC'D COACH

Don't settle for lesser quality constructed toy haulers built with lesser quality materials so that they are not rated to hold your toys! Choose CYCLONE for a true 2,500 lb. rated garage with oversize spring-loaded hinged door (no cables)!

STEEL BALL BEARING DRAWER GUIDES

When it comes to smart designs - the CYCLONE leads the way with convenient and helpful concepts like our full-extension steel ball bearing drawer guides. The extra strong drawer guides allow us to offer larger drawers which extend past the cabinet face for maximum usage.

BUILT-IN LADDER

You'll appreciate the hand-crafted, built-in wooden ladder providing easy access to the loft area - much more elegant than a lesser quality removable ladder.

CYCLONE BY HEARTLAND

HARDWOOD CABINET DOORS & DRAWERS

Be sure to check when shopping whether other brands have the typical, thin hardwood veneers over chipboard - or real Amish-crafted hardwood doors like CYCLONE. Also, when you choose the Cherry option, you get real hardwood cabinet stiles as well!

HALF BATH DESIGN

No longer will you be required to drag mud and dirt through the interior of your coach just to use the restroom! The CYCLONE 3950 has an ultra convenient bathroom located right in the garage area!

ROOMY LOFT AREA

The roomy loft area in the 3950 features built-in cabinetry storage as well as TV hook-ups, windows and privacy curtain.

CYCLONE BY HEARTLAND

ROOMY SLIDE-OUT BEDROOMS

LARGE, USABLE WARDROBE AND DRESSER SPACE

You'll love the CYCLONE's full-width front wardrobe with built-in storage that goes into the front cap area, a large six-drawer dresser with stand-up wardrobe, overhead cabinets and room for a flat screen TV overhead. Notice the small monitor for the optional security camera system - which allows you to maximize your sleeping capacity with the optional bunks in the garage area - while keeping a close eye on your toys!

CROSS-CONVERSATIONAL LIVING SPACE

The CYCLONE 4012 offers one of the largest living rooms ever achieved in a toy hauler, featuring a true cross-conversational design with great viewing angles of the large entertainment center with 32" LCD flat screen TV. Shown here is the standard Maple interior, featuring Amish-crafted hardwood doors and drawers; solid-surface counter tops; designer window valances with hard sides; night shades and over-sized windows for a great view of your surroundings.

PATENTED!!

DON'T ACCEPT ANY IMITATIONS - IF YOU CAN'T TURN 88° IT'S NOT A HEARTLAND!

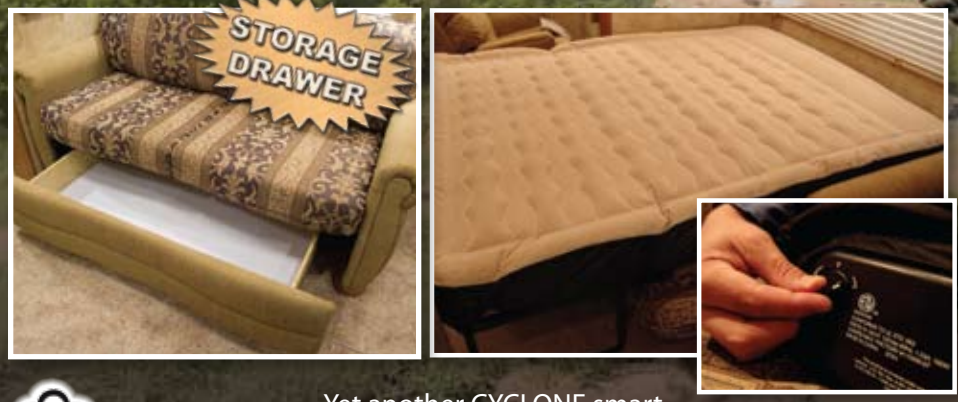

ZERO° TESTED!

Heartland 5th wheel Construction has been subjected to rigid testing in the famous DOMETIC™ extreme temperature testing chamber where it passed with flying colors! The chamber is set to 0° to test the unit's heating efficiency, followed by being set at 100° to test it's cooling efficiency. With our thick 2" laminated walls; enclosed and heated underbelly; and insulated floor - the interior of the Heartland coach remained warm and comfy during the sub-freezing test and nice and cool during the heat test!
