The free-standing dinette table offers maximum flexibility. You can even take the table outside for lunch to enjoy outdoors.

CREATIVE, FUNCTIONAL FLOORPLAN DESIGNS

The all-new NORTH COUNTRY features exciting new interior concepts offering loads of rich cabinets, plush interior furnishings, abundant counter top space, and several windows that provide a great view of your surroundings and living room design that are perfect for entertaining guests or relaxing while on vacation.

STEEL BALL BEARING DRAWER GUIDES

ROOMY BEDROOMS
Large beds and room to get around them make North Country bedrooms comfortable and very livable.

Living Area Side

18" overhead cabinet doors with taller cabinets and larger openings (as opposed to 15" or smaller) mean more valuable interior storage space for all of the camping necessities.

Bedroom Side

ROTATING TV CABINET
Easy to operate and is a finished cabinet that blocks the view through to the bedroom providing privacy and a very finished look.

Every North Country floorplan has a designated compartment for a useful size trash can.

NORTH COUNTRY
BY HEARTLAND

Unlike our competitors whose roof rafters are simply stapled, North Country's roof rafters are screwed securely to the sidewalls, meaning no worries about the structural integrity and solidity of North Country's roof system!

Our construction methods using screws and additional hurricane style strapping creates a unibody out of the floor, sidewalls and roof. This insures a tight fitting, long lasting, strong structure for years of use and enjoyment.

Heartland Recreational Vehicles
1001 All-Pro Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service – in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

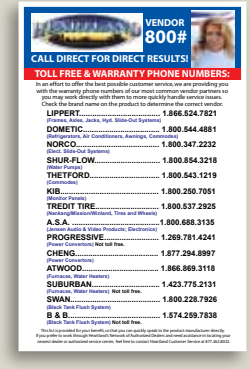

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
